Subject: [IRCWCC] Fall Regionals

Gentlemen,

I had a great time at the Fall Regionals. I just wish that I could have stayed for Sunday also. The battling was great. Lots of allied sinks. Carl and the beast were placed on the allied side. I think Matt's Baden sank. Pav had control problems in the second battle. He asked Carl to push his Maryland in. Carl promptly ram sank him. I would have to vote for my Bayern as most feared axis. I feared the entire time I was there that she was going to sink. I don't think I had any allies shaking in their boots.

The weather Saturday was cool. Very cool. It rained till just before the first battle. We broke for lunch and had what everyone thought was rain before the second fleet battle. Turns out it was not rain, it was just the water coming back down to earth from Carl's 3 gallon per minute pump.

I would like to thank everyone for a great time. I will see you all in the spring.

Anyone interested in some one on one stuff? I have a pond 2 miles form my house that the local fire dept said we could use. Two to three feet deep. I live just south of York, Pa.

I will see you guys later, hopefully we can get together over the winter to build.

Take care all,
Bob (the rookie) Amend
