Subject: Re: [IRCWCC] Fall Regionals

You know you had a great time at a weekend battle when you come home, put the boat on the bench , and start sorting wood for the winter rebuild. My wife looked at me like I was nuts. It was a great weekend with plenty of sinks, plenty of action and the discovery of a new Hagerstown restaurant to accomdate us. New Guy Jay from Aberdeen was there with his Tennessee. It had a few problems, but Doc Broring and Matt got him on the water for the morning battle.

Bill, Your Posen is the sneakiest boat just below the water, I thought the VDT was a small target till I got a chance to really watch it lurking at what seemed below the surface. I think it should be classed a sub.

Orrill made his return to combat with his Tirpitz. I love that battle, with my failing eyesight its sometimes the only target I can make out.

Carl, thanks for the bunk space.

Special applause out to Diamond Dave V who after a night shift, drove out to Hagerstown from Baltimore dropped off CO2 and a tent, and drove back so we would not be without. Your unselfish act did not go unnoticed by us all Dave. We all love ya man,

Thanks again guys.
